/cod/	dimensioni (cm) sizes (cm)	litri liters	6 rotelle 6 rollers	rinforzo tie-rod
70	a. 79,4 x 29a1. 75 x 24,6b. 68b1. 59,7	105	✓	✓

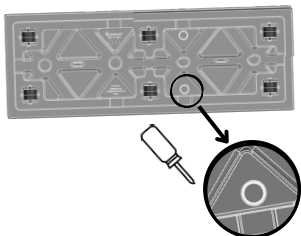

RISERVA D'ACQUA 12 LT

Water reservoir of 12 liters

PER USO ESTERNO

**Forare il troppo pieno
come indicazioni**

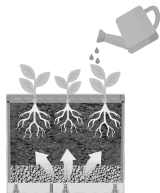

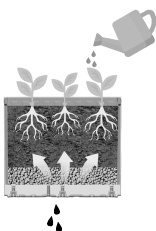

Over-flow turrets to drill for outdoors only

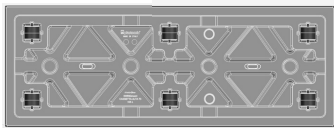

PER USO INTERNO

**Non forare e fare
attenzione alle bagnature**

*For indoors do not drill.
Be careful when watering*

6 RUOTE DIREZIONABILI da posizionare negli appositi alloggiamenti

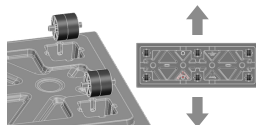

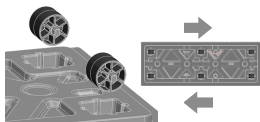

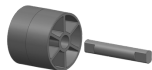

6 rollers for easy movement

Inserire i pistoncini nelle ruote

Insert the pistons into
the rollers

Scegliere la direzione degli spostamenti (lateralmente oppure avanti/indietro)

The rollers can be fixed in 2 different positions as shown to allow for easy
movement of the planter from side to side or forward and back

Fare attenzione a mettere tutte le ruote nella stessa direzione

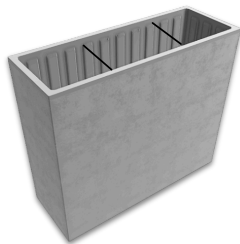

Be careful to fix all the rollers in the same positions

Per bloccare le ruote premere fino al completo incastro

Press the rollers into their slots and be sure they are blocked correctly

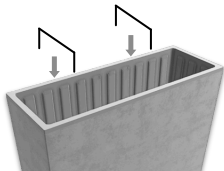

Per rimuovere le ruote tirarle verso l'alto per far uscire il perno dalla sede

Pull the rollers upwards in case you need to remove them

2 FERRETTI DI RINFORZO IN DOTAZIONE STANDARD

Delivered with 2 metal
tie-rods

Inserire i ferretti di rinforzo per evitare deformazioni

Fix the metal tie-rods completely in
order to avoid the planter deformation
